**CHRISTIANS RUN WILD  
OVER LEE ST. FIVE,  
WINNING 64 TO 11**

Trinity Defeats Prospect 24-17; Calvary Loses by One Point to Reformed.

**CENTRAL CHRISTIAN** No. 1 basketball team moved into temporary sole possession of second place in the Y-Church league last night at the Y. M. C. A. by handing Lee Street Presbyterians the most lopsided beating recorded in a league game this season. The score was 64 to 11 and it might easily have been worse had not the winners taken to loafing in the second half.

Trinity Baptist improved its percentage standing in the circuit by handing Prospect a 24 to 17 beating in the opening game of the three game program.

Calvary Evangelical retreated until the final minute of the game to produce the only upset of the evening. Calvary kept the supposedly stronger Reformed outfit on the defense for almost the entire game. With two minutes to

BY BOB KIRKPATRICK

**THE** race in the East half of the county among the boys teams of Kirkpatrick, Martel and Waldo to determine which of the three will be allowed to compete in the tournament in The Star auditorium Feb. 27, is unusually close. It is seldom that any league goes into the final night of play with three of five teams very much in running for the championship.

At present this is the case in the East half of the county. Martel, Kirkpatrick and Waldo are all in a position to finish the race Friday night with equal percentages. Martel needs only to beat Kirkpatrick—a large assignment for any team—and Waldo needs a victory over Caldon—which is quite likely—to accomplish a three way deadlock.

Such a situation as the above serves to bring out one fact quite strongly. The Marion county championship tournament as now conducted is not the best arrangement possible. Here are three teams of almost equal strength and only one of them is to be allowed to compete for the championship. The other two must be content to sit back and think how close they came to getting in. This anyone will admit is not particularly conducive to any group of high school basketball players.

Should these three teams tie for the title a playoff will be held sometime during next week in order to eliminate two of the teams. The team that wins in this playoff is required to do double duty. It must play at least two hard games in four week days. Obviously this will be no aid to the team when the time comes for it to compete in the tournament on Friday night.

There are those who argue that a tournament in which all of the county teams compete is too strenuous on the boys, inasmuch as it allegedly causes them to play too many games in a short time. There is little to support this claim other than the word of those who look with disfavor on such a tournament.

A tournament in Marion county in which all the county teams could take part would increase interest to a great extent and would be a huge boost to competitive basketball in Marion's rural district.

**Trinity Juniors Have  
Perfect League Record**

The Trinity Baptist Junior basketball team has finished its season in the Y. M. C. A. league with a perfect 10 victories and no defeats. The league is composed of boys up to 15 years of age.

Boys playing on the Trinity team are Howard Jones, Gene Hudson, Donald Rish, Adrian Bibler, Paul Bibler, Junior Powell, Ralph Davis, Paul Bristley.

**STAR TO AWARD TROPHY  
TO BEST FOUL SHOOTER**

**A** BOYS' foul shooting tournament sponsored jointly by The Marion Star and the Marion County Athletic Association will be a feature of the Marion county basketball championship tournament in The Star auditorium Friday, Feb. 27. A handsomely engraved silver trophy will be awarded the winner of the event by The Star.

The trophy will be a rotating one, permanent possession going to the school whose representatives win it three times. The trophy, 13 inches in height, is mounted on a black bakelite pedestal surrounded by the figure of a basketball player in the act of tossing a free throw.

Tentative rules under which competition for the trophy will be held are as follows:

Any school in the county is eligible to designate one player of its boys' basketball squad to compete for the trophy. The school may use any desired means of selecting its contestant.

Each contestant will have 30 shots at the basket. In case of two or more contestants having the same number of points at the end of 30 throws 10 more will be allowed each of the deadlocked contestants.

The trials will be staged during intermissions between the games of the tourney.

Any school in the county regardless of whether its team is in the championship tournament is eligible to have a representative in the foul shooting tournament.

**44 ENTER TOURNEY**  
Forty-four employees of the Marion Steam Shovel Co. have been entered in the bowling tournament being sponsored in Columbus by the Ohio State Journal. The Marion bowlers will roll on Saturday, Feb. 28.

**Central Junior Cagers  
Defeat Cardington**

Central Junior High school rang up its third consecutive victory last night by whipping the Cardington High school reserve cagers on the Cardington floor. The score was 31 to 18.

Central led throughout the game. The score at the half was 21 to 6. Cardington put on a rally in the second half but never threatened the winner's lead. Whitcomb was high scorer for Central with 12 points.

**Wesleyan To Meet Denison  
at Delaware; Ohio U. Plays  
Cincinnati.**

By United Press.

**COLUMBUS, O., Feb. 18**—Two basketball games that may decide the championship of the Buckeye conference will be played tonight.

Ohio Wesleyan, leader of the league, will play Denison at Delaware. It will be Wesleyan's last conference game and a victory will mean at least a tie for the championship to the Bishops. Wesleyan will close its season Saturday, meeting Western Reserve at Delaware.

In the other game tonight, the determined Bobcats of Ohio University will meet Cincinnati at Athens. By winning both of its remaining games, Ohio will gain at least a tie for the title. If Wesleyan should lose tonight, Ohio would have an opportunity to win the undisputed crown.

Injuries and sickness have cast a shadow over these crucial contests. George Lockman, Ohio university forward, probably will be unable to play because of a sprained ankle. Otto Walker, captain and guard of the Denison quintet, has just returned to the line-up after an illness and will not be in the best of condition.

The University of Illinois is to build a \$300,000 ice skating rink and a \$40,000 golf course.

**STARNMEN TO PLAY

**Harding To Play Last Home Game Against Bucyrus;  
Shelby Meets Tygers.**

**ASHLAND** has a chance to clinch land fracas in importance Friday will be the Shelby-Mansfield battle. The result of this game will have a lot to do with whether the Whippets or the Tygers finish in the first division of the league. Shelby is holding down third place now with Mansfield close behind. A victory for Mansfield would shove the two into a tie for third with two games yet to be played. Shelby will be expected by most league followers to come

There is just one possibility overlooked thus far. Gallon may defeat Ashland. No team has accomplished it yet but the McClintock-coached outfit makes no secret of the fact it plans to be the first to turn the trick. Even this however, will not necessarily keep Ashland from winning the pennant. Two more games remain after this week and Ashland would need to win the final two to win.

**Hookstra Is Problem**  
Ashland defeated Gallon in the first round of play but not with the same team which is romping the hilltop hardwood at present. Bob Hookstra is gone and he is the man who so effectively stopped Ed Hookstra, the big Gallon center in the first round game. In his place is Nick Dolby a guard of no mean ability but not so good as was his predecessor. Hookstra, if Dolby stops Hookstra Ashland should make it two in a row from Gallon. If he doesn't Rosie Starn will have to worry along a couple of more weeks before claiming the title. Secondary to the Gallon-Ash-

through with a win over the Tygers men but a victory for Mansfield would not be particularly surprising.

**Harding vs. Bucyrus**  
Harding and Bucyrus will get together on the Star court in a contest which means little to either of the principals. The only thing important about the game to Bucyrus is it may provide a possible chance for the first victory of the season for the Wintersons. Even this possibility is slight. Harding defeated the Redmen in the first meeting 22 to 8 and should be able to accomplish it again without particular difficulty. The only factor that prevents one from considering the game to the President's they have a habit, both as a team and as individuals to look good in the last two games they have shown much strength.

## "What is wrong with the Word 'SPIT'?"

Asks

**DR. MARK L. EMERSON**

Health Officer, Oakland, California

...one of 56 health officials from 56 different points approving Cremo's crusade against spit or spit-tipping.

Every smoker, every wife whose husband smokes cigars, should read Dr. Emerson's letter.

"Who are the friends of 'Spit'?"

YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING.

Dr. Emerson writes: "Any... campaign... against the use of human sputum... protects public health."

The war against spit is a crusade of decency. Join it... Smoke Certified Cremo—a really wonderful smoke—mild—mellow—nut-sweet! Every leaf entering the clean, sunny Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture.

CITY OF OAKLAND

HEALTH DEPARTMENT

The American Cigar Company,  
111 Fifth Avenue,  
New York, New York.

Gentlemen:

What is wrong with the word "spit"? We have been spitting for years and will probably continue to spit for many years to come. It is the uncontrollable or indiscriminate spitting that does the harm, as it contains so many communicable germs.

Any type of campaign or advertising against the use of human sputum is endorsed by this Department, because it protects public health.

Very truly yours,

Mark L. Emerson, M.D.  
HEALTH OFFICER.

## OBITUARY

Flora Belle Smith, the daughter of Andrew Jackson and Sarah Ann Reading Smith was born Dec. 5, 1866.

She was united in marriage to Mr. John W. Lauer on October 6, 1885. To this happy union six children were born, two of whom preceded their mother in death, one child dying in infancy.

Mrs. Lauer was a kind and loving wife and mother, a good neighbor and friend ready to lend a hand in love and help to those who needed it. She had a wide circle of friends and acquaintances.

For several weeks she suffered excruciating pain but without murmur or complaint. Her even tempered disposition was manifest even to the end of her life.

She came to the end of life's pilgrimage on Thursday morning, February 12, 1934, at the age of 67 years and 2 months and 8 days.

She leaves to mourn their loss her beloved companion John W. Lauer of Marion, Ohio, four children, Mrs. Pearl Whitaker, Harold Lauer, Mrs. R. D. Sellers, all of Marion, Ohio, and Harley Lauer of Richwood, Ohio, three grand children, Hazel Lauer, Carl and Kenneth Chaney. Two sisters, Mrs. Will Decker of Tonganoxie, Kansas, Mrs. Oscar Smith of Honesdale, Indiana. Four brothers, Frank Smith and Lewis Smith, both of LaPorte, Ind., and William Smith of Springfield, Arkansas, besides a host of relatives and friends.

Build these more stately mansions, O my soul! As the swift seasons roll; Let each new temple, nobler than the last, Shut thee from heaven with a dome more vast, Till thou art at length set free, Leaving thine outgrown shell by life's unresting sea.

## "HELL WEEK" TAMED DOWN AT WESLEYAN

Fraternities Ban Paddling and Other "Rough-House" Stuff in Initiations.

DELAWARE, O., Feb. 18.—"Hell week" among the men's fraternities of Ohio Wesleyan university has much of the fire taken out of it through a ruling adopted by the inter-fraternity council here.

Paddling and other forms of "rough housing" are taboo, according to the new regulation, which most of the Greek groups have accepted. Pledges, however, will be required to do scrubbing, sweeping and other types of manual work as part of their initiation activities.

Typical of the new era in fraternity life here is the requirement of the Chi Phi that their neophytes be formally introduced to a majority of the freshmen women during the week.

Organizations which have adopted the non-paddling rule are: Alpha Tau Omega, Beta Sigma Tau, Beta Theta Pi, Phi Delta Theta, Phi Gamma Delta, Phi Kappa Psi, Chi Phi, Alpha Sigma Phi, Kappa Sigma, Delta Alpha Phi, Phi Kappa Tau, Sigma Alpha Epsilon and Star and U.

The probationary period in all Ohio Wesleyan chapters must be completed by Feb. 22.

## NOT TALKATIVE

Since Horses Can't Sing, Tom Mix Will Avoid New Movies.

By The Associated Press. BARABOTA, Fla., Feb. 18.—Since horses can't sing, Tom Mix thinks he won't make talkies.

The cowboy movie actor said today as he cooled his heels waiting for John Ringling, king of the big tops, to come here and do a talkie with him in real life about circus salaries and things.

"When the circus is over next fall," said Mix, "I'll go back west and make pictures, but they'll be my own stuff."

"Maybe there will be a few Indian yells and a little cowboy whoopee, but I'm not so strong for dialogue. It doesn't mix so well with the thud of horses' hoofs."

## The Stars Say—

For Thursday, Feb. 19.

THIS day's sidereal operations point to a rather routine state of affairs with a tendency to plod along in the accustomed grooves with steadiness and conservatism. All that pertains to labor, industry, agriculture, mining should make fair progress and there may be benefits from elderly persons or institutions and also through real or personal property.

Those whose birthday it is may look for a rather routine year with matters progressing steadily in the accustomed channels. Employment, labor, mining, agriculture and real estate should be fairly satisfactory and there may be benefit in dealing with elderly persons and institutions. A child born on this day should be steady, industrious and practical and should reach a stable place through its own responsibility and efforts.

THE NEW OLDSMOBILE IS FASTER... SMOOTHER MORE BEAUTIFUL AND LOWER IN PRICE

There are several good reasons why the new Oldsmobile will appeal to you as soundly designed, sturdily-built, and thoroughly capable car.

First, it is unusually fast—in both getaway and top speed. It goes swiftly out front in traffic... holds a lead on the road... and is always smooth and quiet.

Credit for this finer performance goes directly to several new Oldsmobile features. Chief among these is new down-draft carburetion... the source of greater power, increased smoothness, and higher efficiency. Important, too, is a new carburetor-silencer, which contributes to quieter operation at all driving speeds.

This finer performance is the more pleasing because of the remarkable ease of control that goes with it. Oldsmobile's new Synco-Me transmission—a

feature heretofore found only in higher priced cars—eliminates gear clashing. And a new Quiet Second Gear, added to Oldsmobile's Synco-Mesh transmission, assures smooth, swift acceleration which rivals high gear performance in quietness.

You will find as you drive the new Oldsmobile, that its finer performance and ease of control bring new pleasure to motoring. But you will find pleasure, too, in the new grace and beauty which have been added to its distinctive appearance. Refinements in design give special emphasis to Oldsmobile's long, low, fleet-looking lines. And smart new tailoring and appointments add to the attractiveness of its new Fisher body interiors.

Such, in brief, is the new Oldsmobile for 1931... a fine car made still finer... faster, smoother, more beautiful... and lower in price!

## Thoughts Turn to Harness Races As Horses Get Workouts at Fairground

Arrangements for the 1931 racing season already well advanced, the local fairground is finding a focal point for training quarters at training quarters.

With the reconditioning of a cinder half-mile track immediately east of the regular track, and the improvement of the stables with promise of additional new stables if the number of horses justify their construction, Secretary Siffritt has brought several well-known trainers and horses to Marion.

Since Jan. 8 the trainers have been loosening up the muscles of their charges, jogging them either on the track when it was frozen or on the cinder paths. Training goes on every morning unless the weather prevents.

The track has been coated with manure, which will give it a toughened and resilient surface when the racing season rolls around. Among the well-known trainers

now at the fairgrounds is R. F. Hoker of 638 North Greenwood street, whose stables are occupied by Christina Martinos, 2 1/2 pacer owned by C. W. Wentz of Kirby; Miss Much, a 2 1/4 pacer owned by Hoker; McKinney Belle, a trotter and Florence McKinney, four-year-old pacer owned by O. O. Whyman; Walter Moorman and William H. Gause of Spencerville; an unnamed four-year-old trotter owned by Dr. N. Siffritt of LaRue; Perry Chan, 2 1/2 pacer and Baldy Chan, three-year-old pacer owned by J. J. Hinson of Marion.

Earl Shafer of Marion is training Motor Fast, 2 1/2 pacer, sired by Tramp Fast; Persistent Helen, three-year-old pacer, and Binville Grit, green trotter owned by C. E. Scheifer of Bucyrus. Two more colts will be added to his stables March 1. They are a two-year-old trotter by General May, and a two-year-old pacer by the same sire, both owned by Scheifer.

### Local Horses

Charles Cummings has in his care Ohio Queen, green trotter owned by Henry Bausinger of Marion.

Among the horses being trained by Harry Craig of Wilmington, are: Eulah Watts, three-year-old trotter owned by Dr. J. G. McNamara; Calvin May, 2 1/2 pacer owned by Charles Deyson of Marion; Henry Legan, 2 1/2 pacer owned by James Lott of Marion; Patchen Girl, two-year-old pacer owned by John Fellmuth, of Marion; Mike Putney, three-year-old trotter, and Rita, three-year-old pacer owned by George Swallen of LaRue; Peter Directly, green pacer owned by Harvey Daniels of LaRue. He is also caring for Lady Patchen, in foal; Lorey J., with four-month-old colt by side; and Aneta the Great, in foal, all owned by Dr. J. G. McNamara of Marion.

Assisting Craig is his brother, Robert Craig. Hoker has Fred Brooks and Ernest Collins as helpers.

A number of saddle horses are also being cared for at the fairgrounds.

### URGES RESEARCH

Akron U. Professor Sees Rubber Made from Farm Products.

By The Associated Press. AKRON, O., Feb. 12.—Use of the farm products such as wheat and potatoes for the manufacture of rubber on a large scale is seen as a possibility by Professor H. E. Simmons, head of the department of chemistry of the University of Akron, if the rubber industry would pool its research activities. Professor Simmons backed by the University of Akron, is advocating the establishment of a rubber research institute here, which would go thoroughly into such im-

portant problems as the theories of vulcanization and the formation of raw rubber.

He believes the institute, established at the university at a cost estimated around \$300,000, would result in a saving of millions to the rubber industry.

## CLUB TROPHY STARTS TRIP

Kiwanis Treasurer Chest Taken to Carey at Joint Meeting.

Kiwanians turned out in large numbers last night for the first of a series of joint club meetings when the treasure chest of the Kiwanis district was taken to Carey by the local club.

Last night was the chest's first trip. It will go from club to club in joint meetings, and a prize will be given at the end of the season to the club sending the greatest percentage of members with the chest to visit a neighboring club.

Sixty-one per cent of Marion's membership drove to Carey for the meeting last night. The program was in charge of the Marion group. Rev. C. E. Turley of the Epworth Methodist church gave the address of the night on "Attitudes" after a banquet and singing.

"We need a hopeful or optimistic attitude in life, a loyal attitude toward our flag, a brotherly attitude toward our fellow men, a patriotic attitude toward our country, and a friendly attitude toward God," Rev. Turley declared in an inspirational address.

"If we hold these attitudes, we can rightly call ourselves a success," Rev. Turley said. Lieutenant Governor Harding was present last night to see the Treasure Chest begin its journey of the 13 clubs in the district. The climax of its journey, he explained, will be a district meeting in Marion with all clubs represented, and possibly a number of state and international officers of the club present.

## PUPILS WILL HEAR COLUMBUS SINGER

Mr. Kelly will be accompanied at the piano by Miss Olive Jones, also of Columbus. Both are associated with Ohio State university. Mr. Kelly will sing a group of numbers and will give a short history of his selections before their renditions.

A feature of the program, which will begin at 10 a. m., will be the music contest presented for the first time. Five questions of a musical nature will be asked and five melodies played for the older children while the younger children will be tested in five melodies only. Completing the program will be selections by a vocal trio.

## LAST NIGHT at the THEATERS

"THE DEVIL TO PAY" ZIPS RIGHT ALONG Zippy from beginning to end, chuck full of chuckles and laughs, breezing along to tell a delightful story in a most sophisticated manner is Ronald Colman's "The Devil to Pay" at the Palace tonight and Thursday.

You might know that when two Englishmen, a playwright and an actor get together to immortalize a gay young blood of the nobility, there's bound to be something happen. Colman and Frederick Lonsdale the playwright have reached a happy talking picture achievement. The story of an adventurous son of the nobility, who with equal facility into and out of with equal facility and finally his audacious winning of a bride, is one that will please the men as well as the women. They'll love to see one man with the nerve to take \$25,000 from a woman as a gift when their engagement is broken.

Loretta Young is quite as sweet and charming as usual, in the role of the girl who dared to love this young adventurer and Myrna Loy goes blond is her usual fascinating self as his actress friend. There's a little wheel-haird fox terrier that nearly steals his scenes with Colman. This is one of our pet shows to date, as an enjoyable evening of sprightly entertainment that never lags and takes surprising new turns at the least provocation.

Regal Spenser, news reel and a short of no consequence complete the program.

## Grangers Hear Talk on Taxation System

A talk on the present taxation laws was given by Dr. C. W. Jacoby at a meeting of Whetstone Grange No. 1853 last night at the grange hall southeast of Marion. At the close of a business meeting, a valentine exchange was held and a basket supper was served. A Washington and Lincoln program was given as follows: Recitation "Washington," William Klingler; reading, Carl Klingler; recitation, "Lincoln," Miss Dorothy Klingler; reading, "Life of Washington," Mrs.

## LOVED PASTRIES BUT SUFFERED IF HE ATE THEM

"I like pies better than most any food, but I used to suffer when I ate pastry," says M. J. Czok, well-known police officer, of 4037 Twenty-Third Ave., So., Minneapolis, Minn. "I would have sick headaches, would belch, leaving a sour taste in my mouth, suffered a lot with gas on my stomach, had no appetite. I had indigestion like that for over two years. Soda didn't help and I tried many things before I heard about Pape's Diapepsin.

"It took me right out of my trouble. I have a mighty hearty appetite, eat pastry or anything I want and have no after-effects. I am never without Pape's Diapepsin and recommend it to everyone I know."

If you suffer from indigestion, often or just occasionally, get a package of these candy-like tablets from your drugist. They stop heartburn, gas on stomach, belching, nausea, headaches or any other symptoms of indigestion soon as the trouble starts. They are harmless; form no habit; can be taken as often as needed. If you wish to try them before buying, write "Pape's Diapepsin," Wheeling, W. Va., for a FREE sample box.

Daily Proverb—"It is as bad to have too many friends as no friend at all."

Forty-four hold-ups in Chicago over the week-end. And yet Mayor "Big Bill" Thompson continues to seek reelection!

Great Britain has offered amnesty to all political prisoners in India in acceptance of Gandhi's terms for peace. The tall certainly is wagging the lion.

"It is unbelievable," remarks John Galsworthy, "how many unbelievable things were believed by people during the war." Yea. The propagandists certainly played us good and hard during that conflict. The question is: could they ever do it again?

With a big deficit in the offing, Postmaster General Brown asks air mail operators to set to work to readjust rates and demonstrate, as well, that there is business need for an air mail service. In other words, the postmaster general demands that he be shown.

The Jones & Laughlin Steel corporation has just completed in the Pittsburgh district the largest blast furnace in the world, its capacity being 1,100 tons of iron a day. It is manifest that this corporation isn't committed to the belief that business prosperity has gone never to come again.

It's hard to understand the American people. Here we are utterly unconcerned with a mighty naval battle impending off the coast of Panama which may decide the fate of our big canal across the isthmus!

If we correctly get the view of the Methodist board of temperance, prohibition and public morals, it is that Mrs. Mabel Willebrandt might be in better business than that of acting as attorney for a California concern which sells the "makings" for wine. Tut, tut! Our legal lights have to live!

The rector who invited former Judge Lindley to address a gathering of New York City ministers challenges Bishop Manning to try him. It may be said in passing that all the neckers after notoriety are not to be found among the lally.

The French papers see items in the German budget which convince them that Germany is hiding her outlay for arms held in violation of the Versailles treaty. If the suspicion of the French press is justified, the time may come when not only France, but also all western Europe may be glad that the treaty was thus violated.

## Back into Business.

Alexander Legge, chairman of the federal farm board, America's most miffed organization, is to retire early in March. That is, Mr. Legge will go back to his executive position with the International Harvester company, which from the standpoint of stress amounts to retirement.

Other men retiring under similar conditions might be accused of running away from a hard job. Mr. Legge, however, has supplied abundant evidence in the last twenty years that he never runs away; that the idea never enters his mind. As farm board chairman he was given the task of reorganizing the economy of agriculture. Hopeless as it was, hopeless as he may have felt it to be, he waded into it fearlessly, fighting back with his virile, straightforward conduct. He may have been wrong, but he blocked effectively the unworthy purpose of all who tried to discredit him as a reflection on the administration which called him to its aid.

The price-pegging operations conducted by Mr. Legge and his associates have not been successful. It is impossible to say what might have been accomplished under different conditions, though a considerable weight of opinion is against them as a sound principle any time. In a very real way, Chairman Legge has conducted a vastly important experiment in his work during the last two years. Economists of the future will be obliged to recognize its value. The fact that it required great courage to see it through in the face of bitter and powerful opposition forces the nation to recognize, also, the value of Mr. Legge. On the foundation established by his courageous effort, a valuable structure of economic theory may arise. Retirement from a hopeless position is vastly different from abandoning a contested one.

In passing, the public may note with some misgiving that Mr. Legge's friends say he believes public service does not always receive merited public support. Mr. Legge, who made a considerable sacrifice to work for the government, is one of many public men who have subjected himself uncompromisingly to vituperation and abuse—and one of many who have left their position convinced that criticism carried to the point of personal abuse is an unfavorable aspect of republican government.

## Already as Good as a Law.

Some time today, or tomorrow at the latest, the senate is expected to pass the World war veterans' loan bill which was given the overwhelming affirmative vote of 393 to thirty-nine in the house yesterday, 216 Republicans having followed Speaker Nicholas Longworth and joined with every Democrat present in support of the bill. On the house vote, the bill, having become a law, will stand as a Republican measure and signify a great personal victory for Speaker Longworth, who defied the administration in supporting it.

The bill provides that the veterans may borrow from the government up to fifty per cent. of the face of their adjusted compensation certificates at 4 1/2 per cent. interest, compounded annually, instead of up to 2 1/2 per cent., as at present, at six per cent. interest.

It is possible that a number of amendments will be offered in the senate, one of which will be an amendment to reduce the interest rate to three per cent., and another to make the loans without any interest whatever, but there is little likelihood that any amendment will carry. The bill will probably be passed as it came from the house. The reason for this is that, should the bill be amended in the senate, it would necessitate the sending of it back to conference, which is held to be dangerous, as in that event it might not reach the President ahead of the ten-day period before the close of the session, in which event he might kill the bill by the "pocket veto" route; that is, without returning it to congress with a veto.

What action President Hoover may take on the bill, in the event that it reaches him ahead of the ten-day period, is not known, but whatever action he may take in that event doesn't greatly matter, as the votes taken in both houses clearly indicate that the proponents of the bill are sufficiently strong numerically to pass it over a veto.

At this time it will probably prove of interest to readers to know that seven forms of relief, costing the government approximately \$493,000,000 annually, are now in force. Appropriations already made by congress for the financing of veterans' relief in the next fiscal year total approximately \$500,000,000. A bill to give a pension to the widow, children or dependent parents of every veteran, regardless of the cause of death, is now being written; in the near future, possibly next year or the year thereafter, demand for the payment of the compensation certificates in full is anticipated, and the possibility of general pensions has already been voiced in veteran circles.

There can hardly be other than agreement on the part of World war veterans that the trend of the times has been to deal very generously with them.

## Peace in India Thought Near.

The hope for peace in India is far stronger at the time this is written than it has been at any time since Mahatma Gandhi inaugurated his campaign of civil disobedience. Gandhi, his mind opened to conviction following recent conversations with two personal friends, Sir Tej Bahadur Sapru and M. R. Jayahar, who were attendants at the Indian round table conference, stated to press representatives immediately following a four-hour conference with Viceroy Lord Irwin, Tuesday afternoon: "I'm satisfied; even optimistic," and he proffered the further information that he would talk with the viceroy again today.

The interview of Tuesday came after the agreement of the British Indian government that amnesty would be granted all political prisoners in India and this, together with the influence of the two friends named, manifested put the mahatma in a far freer frame of mind toward the British government than has possessed him for many months. Should peace be declared and the civil disobedience campaign be ended through the influence of Gandhi, the Britain will have muddled through another menacing situation, but not without cost to its prestige, for the price of the peace will be the granting of what will be dominion status to India.

Cables tell us that there is a cheerful feeling in Berlin as the result of the defeat of the reactionaries by the Brüning ministry. It's a clinch that a decisive defeat of the reactionaries over here wouldn't have a tendency to cast a pall of gloom over the country.

The interstate commerce commission has authorized the railroads to cut their rates to meet the competition of pipe lines in the transportation of petroleum and petroleum products. We take it that the theory of the railroads regarding petroleum transportation is the same as their theory in regard to the moving of passengers. It's not so much the rate charged as it is the volume of business.

At political meetings in Berlin, hereafter, beer is to be served in paper cups, instead of steins as heretofore, experience having convinced the city authorities that steins prove far too dangerous weapons when the fighting begins. What are they trying to do; take all the punch out of their political gatherings?

The drought bill will not aid the hungry. Will Rogers points out, for the reason that, to secure a loan under it, security must be put up and the hungry in the drought areas haven't any security to offer; that if they had, they wouldn't be hungry. This is worth thinking over before reaching the decision that there isn't any need for subscribing to the Red Cross \$10,000,000 fund.

You never can tell. When the attorneys of a Kansas City young woman opposed the scaling down of a \$5,000 verdict she had secured against that Missouri city for personal injuries sustained by her and cited that the purchasing power of the dollar was now so low that she was entitled to the full verdict, it served to recall to the court that he had read an advertisement in his paper the night before offering two dozen eggs for a quarter, and he lopped \$2,000 off the verdict.

## WHEN CHILDREN CRY

CHILDREN often cry for no apparent reason. Many times we can't guess what is wrong. The crying may mean a touch of colic; the little bowels may be sluggish—or some other upset. It may mean any of the common little ailments that children suffer. To bring quick comfort to your little one, give a few drops of Castoria. Most upsets of children are soon soothed away by this pleasant-tasting remedy that children all love.

In five million modern homes, Castoria is a mother's first thought when a child is out of sorts, feverish, cross, doesn't eat right or sleep right. When bad breath, coated tongue, or languor tells of constipation. These five million wise mothers know that children should never be given stronger medicines meant for the fully developed systems of grown-ups. Castoria is gentle—safe, yet always thorough and effective for a child of any age. It may be given to the tiniest infant for any little upset. When buying, look for the signature of Chas. H. Fletcher on wrapper.
